

2020 Conference for Global Transformation
Making a Difference
May 15-17, 2020

Women, Aging and Visibility / Kate MacKinnon

In 2008, as part of *Power and Contribution*, one of the courses in the Landmark Wisdom curriculum, Kate MacKinnon made the world an Impossible Promise that all women would be leaders in their lives and the world by 2020.

One of things that was created inside that declaration is her talk on Women, Aging and Visibility.

Our society deems women invisible after a certain age. In this deeply personal talk, Kate MacKinnon shares her experience becoming fully visible after 50. By challenging us to no longer accept the marginalization of women after 50--and no longer pass its acceptance on to the next generation--Kate sparks a conversation whose ripple effects will reach women of all ages with a liberating and global impact.

Former Vice President of JP Morgan Chase, Kate MacKinnon also ran her own management technology company before answering her call to help women re-discover their inner desires, manifest the life of their dreams, and ultimately step into their power and greatness. With a focus on being and staying visible throughout a lifetime, Kate is passionate about overturning the myths and misconceptions about women, aging, and visibility. In her work as a certified Feng Shui Practitioner, Kate combines the eastern practice of Feng Shui with a western aesthetic to create spaces of elegance and beauty that also transform lives.
