Pieces of Wisdom
We asked our graduates: Why do you participate year-round in the Wisdom Course Area?

I joined the Registration Fulfillment Team to get me out on the skinny branches . . . I developed an incredible relationship over a year. What a delight! I own my presence and my power now. Assisting year-round gives me a structure for my own living, which I can turn around and give to others.

~Ana-Maria Garcia (*Champion of the Social Commons for Ongoing Growth & Development*)

When I retired as a Wisdom Course Leader, it was no longer automatic that I was participating year-round – and I knew that I would want to! It keeps my growing edge alive and my life moving out in new directions – I thrive on that!

~Judy Owens-Manley (*Year-end Vacation Assisting Team*)
