

## **materials for non-visual collaging**

pipe cleaners

popsicle sticks

tooth picks

corrugated card stock (from cookies pkg)

puffy paint

geometric shapes

fabric (leftovers from prior projects)

felt

double-sided tape

glitter

plastic half circles

drinking straws (whole, or cut to appropriate size)

cotton ball

string

ribbon

twigs, tree branches

tubes (paper towels, bathroom tissue)s

Q-Tips

containers from whatever; such as aspirin

### **triangle prisms:**

strip of bond paper 1" by 8 ½ "

fold the long side in half twice. You should now have a long strip 8 ½ inches by ¼ inch.

Next, fold strip into 4 equal parts.

place the two ends over one another, and fix in place (tape, glue, staple).

You now have a triangle prism. You can use it to have figures stand up.
